

2015 Resource Directory
for
Pendleton County

The Eastern Regional FAMILY RESOURCE NETWORK

This edition of the ***“Pendleton Community Resource Listing”*** is the result of an extensive effort by the Eastern Regional Family Resource Network, the Pendleton County Family Issues Task Force, Eastern WV Community Action Agency and a number of participating human service agencies to help families, consumers, and service providers locate resources available to residents of Pendleton County.

The Eastern Regional Family Resource Network is part of a statewide effort begun in the Governor’s Cabinet on Children and Families to help build the capacity of local communities to get things done. These local community organizations help people help themselves. Family Resource Networks connect people with organizations, develop community leaders, build trust, provide useful information, promote civic discourse on public issues, explore community values, identify problems, secure resources, and support a wide variety of local initiatives to address problems and improve the quality of life in West Virginia communities. For more information on the Eastern Regional Family Resource Network and how you can be involved please call (304) 822-5787.

The ***Pendleton County Family Resource Council*** works in collaboration with the Eastern Regional Family Resource Network to identify community needs in Pendleton County and to develop a plan to meet those needs. This listing is part of the Task Force’s goal to help children and families in Pendleton County to have a greater knowledge of and access to resources and services in the area. ***For more information on how to get involved in the Pendleton County Family Resource Council contact Edna Mullenax 304 358-7589*** for the ERFRN contact Joanna Kuhn @ jkuhn_erfrn@hardynet.com

If you would like to have your group or organization added to the Pendleton Community Resource Listing, or you need to update your information please call: 304 358-7589 or edmullenax@gmail.com

Overview: Are you pregnant or do you have a baby less than one year old?

Specialization: Having a new baby can be one of the most rewarding times of your life, but it can also be one of the most challenging. Having someone to talk to during your pregnancy and/or after you have your baby can make this time easier.

You can have a local community nurse or social worker, called a "care coordinator", meet with you while you are pregnant to help you learn ways to have a healthy pregnancy. The care coordinator can help you find resources in your community to help with your needs.
